Introduction to Canine Hydrotherapy

October 7th and 8th 2024

Get ready for an exciting announcement!

K9 Hydrotherapy USA and K9 Health Center are pleased to present an Introduction to Canine Hydrotherapy and Rehabilitation delivered by Greyfriars International Training School for Small Animal Rehabilitation.

You won't want to miss the seminars on October 7th 12.00-6 p.m. and October 8th 9.00-3 p.m.! It's going to be an event full of valuable information and insights. Mark your calendars and make sure you're there!

Greyfriars International Training School is a premier institution specializing in International Canine Hydrotherapy Training.

With over 22 years of experience, Greyfriars has been at the forefront of pioneering canine hydrotherapy and rehabilitation. They have set the standards and practices that are globally recognized and followed by the industry leaders. Their training programs have revolutionized aquatic therapy for small animals and have significantly impacted the lives of pet owners and their companions across Europe, Singapore, South Africa, and Canada. Now, Greyfriars International Training School aims to bring its expertise to Texas.

Having worked with Greyfriars for over 16 years, K9 Hydrotherapy and the K9 Health Center are committed to upholding these principles. Through a joint collaboration, they have established a partnership with Greyfriars to introduce and implement these high standards in the United States. This program is designed for animal healthcare professionals seeking to deepen their understanding of canine hydrotherapy, as well as individuals already active in the field without formal qualifications but looking to enhance their knowledge and explore opportunities for further education. Over the day, participants can expect to gain valuable skills and insights, including:

- Understanding the process of referring a client for canine hydrotherapy
- Grasping the concept of 'gold standard' hydrotherapy treatment
- The Theory and science behind Hydrotherapy for Small Animals
- Demonstrations and protocols
- Evaluating the potential of pursuing a career in canine hydrotherapy
- Connect with like-minded individuals

Upon completion of the day, attendees will be fully prepared to make well-informed decisions about referring clients for aqua therapy, managing or pursuing advanced studies in canine hydrotherapy for themselves or their team members. There is also an opportunity to book additional one-on-one training for veterinary practices or healthcare professionals.

Early bird registrations are available until 31st August 2024 – Save \$25.00 and pay only \$160.00
Course costs for Animal Healthcare Professionals \$185.00
Students \$140.00

Attendees on the day will have the opportunity to book a formal Introduction to Canine Hydrotherapy Course at a discounted rate. This includes online study and four attendance days at K9 Health Center.

Tickets can be booked through the K9 Health Centre by emailing: info@k9healthcenter.com
